

## **REMARKS**

These remarks are responsive to the Office Action mailed March 31, 2008. Claims 1-18 are in the case. Claims 1, 3, 8 and 15-17 have been amended. Claims 2 and 11 are cancelled. No new matter is added. Support for the amendments can be found in the original claims. Allowance of the application is respectfully requested.

### **I. Objection to the Claims**

Claims 2, 5-11 and 16-18 stand objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form. Claim 1 has been amended to include all of the limitations of claim 2. Thus, claim 1 is allowable. Claims 3-10 and 12-16 depend from claim 1. Therefore, claims 3-10 and 12-16 are allowable at least by virtue of their dependence upon and allowable base claim.

Claim 17 has been rewritten as an independent claim incorporating all of the limitations of claims 1 and 15. Thus, claim 17 is allowable. Claim 18 depends from claim 17 and is allowable at least by virtue of its dependence upon an allowable base claim.

### **II. Amendments to the Specification**

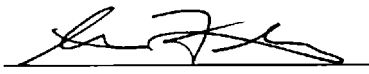

The reference to the appropriate figure and the reference numerals were omitted from paragraphs [0041] and [0042] (in the published application). The specification is amended to insert the appropriate reference numerals. Additionally, an inaccurate position was taken in response to the office action of May 30, 2006. It was stated that the claim language "said peripheral wall extending inwardly below said support members" was shown by FIGS. 1 and 7. In reality that feature of the invention previously claimed is shown in FIGS. 5 and 6 and described in Paragraphs [0041] and [0042] of the published specification.

## CONCLUSION

It is respectfully submitted that this application is in condition for allowance. If any additional fees are required or if an overpayment has been made, the Commissioner is authorized to charge or credit Deposit Account No. 03-2455.

Respectfully submitted,  
*Russell*
